

If you can't find your Browser, you might have exited out of it. Go to "View", "Browsers". Your Browser will reappear.

Desktop Annotate allows you to annotate over anything on your screen (Powerpoints, Google Slides, PDFs, etc.)

NOTES:

Shared Resources include clipart, templates, timers, pre-made activities, etc.

Calculator.as2

If you want extra resources in your PERSONAL resources (clip art, interactive objects, templates, etc.) go to: www.support.prometheanworld.com

- Select Software Solutions
- Select ActivInspire
- Scroll down a bit
- Select ActivInspire Resource Pack
- Download and open the Resource Pack
- MACS ONLY: Go to ActivInspire, File, Import, Resource Pack to Personal Resources (from the downloads folder)
- Wait for files to import

ActivInspire

ActivInspire helps teachers bring lessons to life with rich, powerful activities blending real-time assessment and real-world experience into the learning process. A collection of short video tutorials on how to complete a variety of functions.
